CALIFORNIA PROPOSITION 65 COMPLIANCE STATEMENT

The Safe Drinking Water and Toxic Enforcement Act, commonly known as Proposition 65 (Prop 65), requires businesses to provide a “clear and reasonable” warning before knowingly and intentionally exposing anyone in California to a listed chemical. The list which the California Office of Environmental Health Hazard Assessment (OEHHA) published December 29, 2023.

Allstar Magnetics products have been reviewed for listed content. Allstar Magnetics hereby certifies that all materials manufactured and sold by Allstar Magnetics do not contain any substance that have No Significant Risk Levels (NSRLs) or Maximum Allowable Dose Levels (MADLs) found by the State of California, under the Safe Drinking Water and Toxic Enforcement Act of 1986 (also known as Proposition 65). Therefore, our products comply with Proposition 65 per the Safe Harbor list published on December 29, 2023.

Inconsequential chemical content is also present in the composition of formed metal components, or in their surface treatment such as plating. This content does not exist in a leachable form on the product surfaces – it is permanent in the absence of destructive methods or abuse. For these products the presence of the chemical alone does not present potential risk to a person’s health, and warnings are not indicated.

Individuals are encouraged to visit the California OEHHA website for additional information at <https://oehha.ca.gov/proposition-65>.
